## FLAG DAY DRAWS BIG CROWD TO SEE SOLDIERS AND PATRIOTIC EXERCISES

Every day is Flag Day in Sierra Madre nowadays. But last Saturday was the Big Day. It was one of the real occasions in the town history. And the best of it is that it was not merely a day whose importance will diminish as memory fades. For a permanent reminder is left in the tall flag pole with Old Glory at the top which will be a perpetual symbol of patriotism and community loyalty.

### Record Crowd

Without doubt it was the biggest crowd ever assembled in Sierra Madre. Practically everybody in Sierra Madre was on hand together with a large number of visitors. The autos were parked for a considerable way in all directions on Baldwin and Central.

### Soldiers Chief Attraction

From the time they came up Baldwin to the lively music of the regimental band, the four companies of the Seventh Regiment were the feature of chief interest. As they assembled to form a lane through which the flag was to be carried to the flag pole the crowd pressed close, and later, as the companies took various stations and went through their drills they divided the interest of the crowd with the speakers.

Considering that in the nature of things some of the details could not be arranged beforehand, the program went off with surprising smoothness and celerity. The exercises began on time and were all over before five o'clock.

### FOREST SERVICE INVITES NEW IDEAS

#### Office Is Open for Purpose Of Receiving Suggestions From Public

An office primarily for the handling of suggestions from the public has been added to the Forest Service organization in San Francisco, according to District Forester DuBois in a statement given out today.

This office will be conducted along the same line as similar offices in railroad, telephone, street car companies, and other large public service corporations. It will give special consideration and investigation to all suggestions for the betterment of the service rendered on the National Forests.

Suggestions, which are said to be gladly invited will be referred to the proper officer and followed up. Campers and travelers within the National Forests who have suggestions for the betterment of the forests as a recreation grounds will, it is said, be given an attentive hearing.

Those having suggestions for the betterment of the forest fire protective system of the Government are particularly invited, according to the officials, to present their views. In short, any suggestion for the improvement administration, protection, and development of the eighteen National Forests wholly or partly in California, will be carefully considered and, it is said, if found practicable, will be acted upon.

Mr. E. J. Webster had as dinner guests on Thursday Dr. and Mrs. L. L. Krebs, Mrs. Mary Goodfellow, Mr. Claude Davis and Mr. and Mrs. Lane C. Gillian of Pasadena.

Chairman Sperry of the committee on arrangements presided. He introduced President Ham of the Board of Trade, who told briefly and forcibly what the Board of Trade stands for in general and, particularly in arranging the Flag Day Celebration. He then presented the large flag to a detachment of Civil War veterans who, preceded by Miss Mattie Seeley, carried it to the foot of the flag pole, marching between the files of militiamen.

The flag was then presented to Miss Seeley who hoisted it to the top of the pole, while the regimental band played "The Star Spangled Banner" and there was a roar of shouts and honking auto horns.

Between the speeches which followed, the pupils of the Sierra Madre schools rendered several patriotic songs very effectively. Addresses were given by Attorney John W. Hart, Lieut. Clotworthy and Rev. Frank G. Tyrrell of Pasadena, who spoke on various phases of recruiting, preparedness and patriotic duty in the present national crisis.

Not the least interesting to spectators were the drills of the detachment of Boy Scouts from Pasadena. They made and broke camp and did various other things in which they had been schooled to close team work.

For an hour preceeding the program the Sierra Madre band kept the crowd in good humor with their selections. The band showed the effect of the winter's practice and recent additions.

### SHOWING MINIATURES AT EXPOSITION PARK

Miss Ella Shepard Bush has a number of her miniatures on exhibition at the Exposition Park galleries in Los Angeles, the occasion being the annual exhibition of the California Society of Miniature Painters. Included among them is a recently completed portrait of Hon. Griffith Davies of Seattle who, with his wife, has been in Sierra Madre the past two winters. It is pronounced by those who have had the privilege of seeing it to be a wonderful likeness. The picture also affords an interesting example of composition, Mr. Davies being portrayed as seated in a library with bookshelves at the back of his chair. The portrait is about the size of a cabinet photograph, and done with the fine strokes used in the miniature work. The colors are remarkably warm and lifelike. The miniature exhibition will be in progress until April 29th.

### GARDEN AND FLOWER SEEDS FOR ASKING

Congressman Randall has succeeded in securing an extra allotment of garden seeds for Southern California, numbering three thousand packages. He has sent a limited number to the News office for careful distribution to those who will plant them. Each family can secure one package, containing five varieties of seeds, as long as they last. There are also a few packages of flower seeds.

Mr. and Mrs. J. C. Caley and Mrs. Dimond and son Paul of Pasadena were guests at the Caley home on Saturday. Mr. and Mrs. J. C. Caley left on Tuesday for their home in the East after spending the winter in Pasadena.

## THE BOYS TO WHOM THE FLAG HAS A WONDERFULLY REAL MEANING

After the Flag Raising last Saturday the editor received the following communication, with the request that if used the writer's name be not made public. Because it is so good we'll forget our prejudice against anonymous communications, and soothe the author's modesty by saying merely that from the looks of the writing one might suspect that he is a Grand Army veteran who lives on the south side of Montecito Avenue between Auburn and Hermosa. Here it is:

### Editor News:

As I watched that Flag floating from its staff on Saturday, I was reminded of another gala-time, somewhat different from this.

Long will I remember that day when from under a drooping flag of truce, we paroled men, ragged all, many sick, climbed ashore from the Tar River flatboats, to the wharf at Little Washington, N. C. As our boat touched the landing-place, the "Stars and Bars" over us dropped flat back to its staff, as if ashamed of itself, and for the sad condition, and dilapidated appearance of us, its late guests. Off came hats, if, by chance, any of us had a hat, and standing, uplifted went eyes and hands in salute to our dear old banner, the glorious "Stars and Stripes." A breeze catching it, carried it floating full out and straight, as if it rejoiced and was glad with us. With one united voice there was a cheer, a mighty yell of greeting to it, as it waved so grandly its welcome over our bare heads. Many a one had no yell coming; their throats held glad gurgling sounds; while the happy tears streamed down their cheeks. That FLAG meant to us, OUR COUNTRY, our home, and our dear ones, after a long anxious waiting. That FLAG on that third day of June 1862, meant MUCH to us, and still it means MUCH to us, and MORE today. —Old Soldier.

## Model New Undertaking Establishment of A. T. Gay

The News is glad to be able to present a picture of the new undertaking establishment of Allen T. Gay, one of the most attractive and modern in its plan and construction to be found in Southern California.

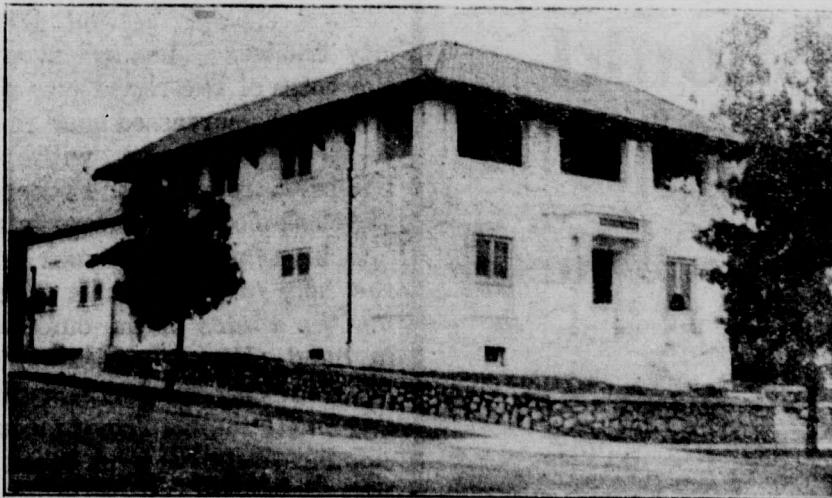

Mr. Gay had his plans under consideration for two years or more, visiting the best establishments to be found in search of ideas. He then entrusted the architectural design to Clinton Nourse and the construction contract to Geo. H. Clark, and the result leaves little to be desired.

### Beauty and Utility

Inside design is as handsome as the outside, and in addition

is an alcove for musicians and a screened family alcove with a side entrance also available for removing the casket. The whole is planned for the facility and smoothness which is so essential in the conduct of funeral services. Woodwork is furnished in white enamel with doors of beautiful Philippine mahogany.

At the rear of the chapel and entirely cut off from the portion of the building used for services, is a large display room for caskets and fittings. On the other side of a hall are the treatment room and a shop for fitting up caskets, stock room etc. A large door at the rear, away from the street gives privacy of access to

is arranged for convenience. From the recessed front entrance the main center door leads to the chapel lobby. On the right is a door to Mr. Gay's private business office. On the left is a door to a hall from which stairs ascend to the living rooms upstairs, and also a passage to the rear of the chapel. The chapel is a beautiful room with restfully tinted walls and stained glass windows. There

the work and store rooms with ambulance or hearse.

Upstairs Mr. and Mrs. Gay have a most attractive seven room apartment. The rooms are spacious, arranged for the utmost convenience. The most modern appliances are installed throughout. The porch across the front affords a magnificent view, and the one-story section at the rear affords a good sized roof garden.

### THE EPISCOPAL CHURCH

Church of the Ascension, the Rev. Dr. Geo. H. Cornell, Rector. Vesper choir. Second Sunday after Easter. Sunday School 9:45. Morning prayer and sermon, 11 A. M. The Rev. Dr. Hibbard is expected to preach the sermon. The annual meeting of the parish will take place on Tuesday coming, May 1st. A cordial invitation is extended to all.

### REHEARSALS FOR MIKADO PROGRESSING

Rehearsals are progressing nicely for the performance of "The Mikado" to be given the third week in May under the auspices of the Girl's Friendly Society for the benefit of the Red Cross. Miss Marjorie Maughlin is in charge and Miss Lalla Fagge will direct the orchestra.

## CONGRESSMAN RANDALL STATES HIS POSITION

### Opposed Declaration But Supports Vigorous War Measures

"Now that Congress has spoken, every American is behind the president with loyal support of his efforts to end the world's war at the earliest possible moment," says Congressman Randall. "But until the die was cast and war declared, I reserved my right as a member of the war making power under the Constitution, to vote in accordance with the dictates of my own conscience. I voted against war."

"I shall vote for every measure giving the country's resources to the struggle. But an honorable war is fought by volunteer soldiers, not by conscripted soldiers. I shall not favor tearing the young men of this country from their homes by force of military autocracy. We have no men to die in the trenches of European battlefields."

"Let us fight an American war, solely to protect our rights on the sea. Let us follow Washington's advice, and keep clear of foreign entangling alliances."

### BIG FOOD COUNCIL CALLED NEXT WEEK

#### Experts and Public To Discuss Conservation and Production Problem

The California State Council of Defense through the Dept. of Agriculture of the University of California and the State Horticultural Commission, has called a meeting at Normal Center Auditorium, Grand Ave. and 5th St., Los Angeles at 12 o'clock on the afternoon of Wednesday, April 23rd, to consider the present available supply of food products, how to conserve it to the greatest extent, and the means to be taken to produce such food supplies as will be required in the coming months or years of military activity.

They say that we must prepare for at least three years of more or less disturbed conditions, due to the state of war now existing, and wish to enlist the interest and cooperation of every American citizen in meeting the demand for food.

A committee of experts from the University's Citrus Experiment Station at Riverside, will have charge of the nine counties of Southern California, and will be in attendance at this meeting to give such help and advice as may be required.

A meeting of this committee of experts and prominent people interested in these matters, will be held in the forenoon of the same day at the Chamber of Commerce, and the attendants at this meeting are expected to be present at the afternoon mass meeting to direct and help as they may.

### PARENT-TEACHER ASSN.

There was a large gathering of parents and teachers at the meeting held on Wednesday afternoon by the Parent-Teacher Assn. Mrs. Rhodes who, with Mrs. Walker, was a delegate to the Congress of Mothers held in Los Angeles, gave a very interesting report.

After the nomination of officers for the ensuing year, tea and cake were served by Mmes. Brown, Udell and Bodine.

Mrs. Miller was awarded the picture for having the largest number of representatives of her pupils present.

### Flag Day Busy

The chapter rooms were about the busiest spot in town on Flag Day. The rooms had a large number of visitors, both local and out of town people. The ladies entertained the speakers and Grand Army veterans with a delicious lunch. The day gave a great opportunity for impressing the importance of the work on many people.

### RADIO STATIONS MUST BE CLOSED

George Whitworth has received a copy of the circular letter sent to all owners of private wireless telegraph stations by the Navy Department, ordering the dismantling of their plants. All antennae or aerials are ordered taken down, whether for transmitting or receiving. All apparatus is ordered disassembled. Failure to make immediate compliance may subject the owners to severe penalties of war. All amateurs are ordered to comply, whether a copy of the notice is received or not. Notification of action should be sent by letter to Lieut. J. H. Ashley at San Diego.

### HOLD BABY SHOW AT SPRING FESTIVAL

All of the committees have been selected for the Spring Festival which is to be held May 4th and 5th under the auspices of the Sierra Madre Woman's Club, taking the place of the Annual spring flower show. Everything points to a great success.

One of the interesting features will be the baby show which will be on Friday afternoon from three to five. All mothers who wish to enter their babies should telephone Mrs. Lenita LeVeaux or Mrs. W. S. Hull before Friday, April 27th. Any baby two years and under will be accepted. No prizes given.

### WOMAN'S CLUB NOTES

The next meeting of the Woman's Club will be on Monday, April twenty-third, and will be in charge of Mrs. W. S. Andrews, the chairman of Philanthropy. It will be an open meeting, and twelve organizations will be represented. Some one from each organization will tell of the activities they are interested in.

Nominations for officers for the ensuing year will also take place. Mrs. James N. Hawks has promised some music for the occasion.

MICE AND MEN  
FOR MOVIE SHOW

Marguerite Clark, the fascinating little star of the Famous Players Film Company, who since her desertion of the stage has endowed the screen with a number of inimitable characterizations, most notable of which are her successful appearances in "Still Waters" and in the dual title roles of "The Prince and the Pauper," adds another screen achievement that surpasses all her previous triumphs in her delightful interpretation of the role of Peggy in the photo-production of the famous romantic comedy, "Mice and Men." Miss Clark is eminently suited to this captivating impersonation. With the additional interest contributed by a stirring dramatic conflict, and with the beautiful delineation of life and love as they were known in the South of a by-gone day, "Mice and Men" is one of the most exquisite Paramount pictures produced.

Miss Helen Williams played one of the leading roles in "The Rivals" which was given at Cumnock Hall Thursday evening. The proceeds were for the Red Cross Naval Base Hospital.

REV. STEPHEN TAFT  
INTERESTING SPEAKER

Rev Stephen Taft, who spoke at the meeting of the W. C. T. U. on Friday, is an interesting character, a wonder of physical strength and mental acumen. No one, for a moment would believe him to be in his 92nd year. The Union expressed indebtedness to Mrs. Wood Davis for arranging to bring Mr. Taft to Sierra Madre and to Mr. Taft for coming. We regretted that there was not a larger audience to profit by his suggestions.

ANNIE M. GREENE.

## DOGS ARE LIFE GUARDS

Police Dogs as life guards may become common soon. The other day when the children of Mr. and Mrs. John S. Phipps dashed into the surf at Palm Beach they were accompanied by two large police dogs.

The children swam about, the dogs swimming alongside of them as guardians. The dogs had been trained as life guards, and amazed the spectators by the skill and fidelity with which they tended their small charges.

The children who are expert swimmers, played at being in distress, and the intelligent animals responded. Whichever way the children swam the dogs were right beside them. Mr. Phipps had them trained to swim close to a child in difficulty, offering their sturdy backs as supports.

## BROTHER, CAN YOU?

Has your education made you public spirited?  
Has it made you a brother of the weak?  
Have you learned how to make friends and keep them?  
Do you know what it is to be a friend yourself?  
Can you look an honest man or a pure woman in the eye?  
Do you see anything to love in a little child?  
Will a lonely dog follow you on the street?  
Are you good for anything yourself?  
Can you be happy alone?  
Can you look out on the world and see anything but dollars and cents?  
Can you answer "yes" to all of them—or to any of them?

## THE WEALTH OF CALIFORNIA

State Controller John S. Chambers in his annual report as to the financial transactions of the cities and counties of the state for 1916, prints tables showing that the grand total of the assessment rolls was \$3,577,877,764. Of this sum \$660,674,075 represents the assessment of what is called "operative property," that is, the properties of the public utilities which no longer are subject to local taxation, the state taxing them upon their gross earnings. But because of the obligation of the state to pay its share of the old bonded indebtedness outstanding on November 8th 1910, when the new system of taxation went into effect, these properties are assessed by local assessors and the local bond rates applied thereto, and the tax thereon is paid by the state as its proportion of the principal and interest on the old debt referred to.

It is estimated that the ratio of assessed to true value of property in California is approximately 42 per cent. On this assumption, the total true value of taxable property in the state is \$8,279,562,214. From 1909 to 1916 there was an increase in assessed values of over \$1,000,000,000.

## DEBIT AND CREDIT

Your town, our town and you. It makes not a bit of difference who you are or what you are, this town has done more for you than you have done for it. You may be rich or you may be poor, or in just moderate circumstances, but in either case your home town has done much for you that you have not repaid, says a Minnesota exchange. This statement is worthy of consideration by every citizen who believes in giving as he receives. If you give it the consideration it deserves, you will get busy right away and do your full share towards making this a bigger and better and more prosperous town in every way. Try it this coming year, and when the yearly invoice is taken at the end of the year, see if you have not benefitted in larger proportion yourself.

## HEREDITARY

It was a Pike County woman who sent a note to the teacher concerning the punishment of her young hopeful. The note ran thus: Dear Miss: You rite about whippin' Sammy. I hereby give you permission to beat him up any time it is necessary to learn his lesson. He is just like his father—you have to learn him with a club. Pound nolege into him. I want him to get it and don't pay any attention to what his father says—I'll handle him."

## NEW EQUIPMENT FOR FORESTERS

## Forest Service Provides New Outfits in California Reserves

For the purpose of maintaining adequate supplies of fire fighting tools where most needed in the National Forests of California, the Forest Service recently placed orders for a supply of portable knockdown tool boxes or kiosks.

These boxes, made of heavy galvanized iron, are practically indestructible. Each box is 6 feet long and 2 feet square and will hold 2 dozen or more tools, such as shovels, axes, hoes, saws, rakes, used in forest fire fighting.

They will be placed at the cross roads and near towns and other strategic places in the Forests where fire fighting equipment may be needed at short notice. Each box is painted a conspicuous color and will be made noticeable by appropriate placards and signs.

In order to determine its practicability as a forest fire fighting tool, the Forest Service in California will supply a number of its patrolmen this season with a combination detachable shovel and hoe to fit one handle. This tool, which is easily portable, it is hoped, will take the place of two tools now in use and thus lighten the pack.

Miss Ruth Hutchison of Los Angeles was the week end guest of Miss Verna Tribble.

By Auto—From Los Angeles by way of North Broadway and Huntington Drive to Colorado St., Santa Anita Ave. to Foothill Blvd. Turn north at Sierra Madre or Baldwin Ave. Or, take any route through Pasadena, then east on Colorado St., to Santa Anita Ave., then by Foothill Blvd., and Sierra Madre or Baldwin Ave.

Sierra Madre's peculiar charm has been felt and praised by nearly everyone who ever visited and lived here. Many factors combine to make the charm potent—the sense of exaltation in life on the heights; the inspiring view; the invigorating air, kept pure by the currents moving continually up and down the slope; the feeling of intimacy with the nearby mountains; the ease with which a love for outdoor life and recreation is gratified; the great variety of available homesites; the conveniences of the city with all the joys of life in the country.

It is as a home community that Sierra Madre claims pre-eminence. Here you can have a small house and lot, a larger place with fruit and garden plot, or a few acres with an orchard. Everything grows well here and Sierra Madre has suffered less from frost than any other community.

No community has a higher type of citizenship. Socially and morally Sierra Madre ranks high. There is a cosmopolitan population recruited from all over the world.

Sierra Madre has made rapid progress in the movement for civic beauty, with clean streets and beautiful homes and gardens. Public health is guarded scrupulously. The Board of Trade and city administration are constantly at work upon enterprises which promote the community welfare.

EDITORIAL CHAT

MAKING A GOOD START

By his method of attacking the basic problems of the great conflict President gives promise of being a great war president. His message to congress and his subsequent proclamations have been masterpieces of thought and expression. He has set new standards of efficiency in the outset of the preparation for active warfare. The scandals accompanying the conduct of the Spanish-American war promise to be gratefully absent this time.

PROPOSALS FOR REAL CONSERVATION

Talk about conserving food supplies which does not include the prohibition of turning good grain into liquor is either incompetent or insincere. Grain so diverted not only serves no good purpose but is an actual handicap to the nation. Personal liberty and the rest of the old arguments have no bearing on the question. It is commonsense economics and efficiency. The country can't afford to fight a foreign foe and liquor at home at the same time.

PUT THE LAND TO WORK ALSO

As we remarked long before the war, the withholding of land from use when it is needed is a public offense which ought to be penalized. Lots of men would like to follow the advice to "plant, plant, plant" but have neither the land nor the capital to rent it. Speculative holders of idle land ought to be given the choice of paying a very heavy tax or permitting use of the land rent free by some one who is willing to plant and produce some useful crop on it.

THE SAME OLD "IF" EVERY TIME

If you can't buy meat you might go fishing, provided your credit is good enough to let you buy the necessary bait.

PEACE MEN CAN BECOME GOOD FIGHTERS

Congressman Randall is to be commended for his stand on the war question. Knowing that most of the people did not want war and that there would be an overwhelming vote for the war resolution in congress, he refused to be stampeded and voted according to his convictions. But when the die was cast the situation was entirely changed. Now that we are in the fight, the thing to do is to make it a good fight. Therefore, he was absolutely consistent and right in voting the military appropriation to carry on the war. It was to be expected that certain interests would seek ground for criticising him on any stand he might take. But they might as well subside. Mr. Randall has not lost any strength with his constituents by his action.

TIME FOR COOL HEADS

It is unfortunate that the daily newspapers have created an atmosphere of hysteria over numerous reports of Teuton spies and plots. It is absolutely essential that the government secret service and peace officers keep a close watch on all suspicious characters. It will be necessary to arrest or detain individuals from time to time on suspicion but it is foolish and worse to magnify every such investigation into a potential bomb plot discovery. There is no occasion for the poster type until something definite has been discovered. There is no occasion for annoying American citizens who happen to be natives of Germany or descended from Germans, when they have lived among us and proven their right to be counted with us. Children and their elders alike have an opportunity to show real tact and forbearance with these people whose position, heaven knows, is hard enough without unnecessary taunts or aspersions. Pity poor Schumann-Heink with one son fighting for Germany and ready to send the rest of her sons into the war for the United States! And then remember that there are thousands of less conspicuous families in the United States facing the same situation! Can you imagine a more heart breaking position? With such people a little tact will be a big encouragement to loyalty.

HENRY FORD'S OFFER THE BEST YET

The country has waited in vain for the munitions and armament makers to duplicate Henry Ford's offer of his plant for government use without profit. They have been vociferously applauded for consenting to take a measly old ten per cent on their government contracts. But then ten per cent net on an A1 customer like Uncle Sam isn't so bad when the business is reckoned in millions. Lots of people would like a chance to be as patriotic as that. Why not just let the government take over the necessary factories and save that ten per cent? If that had been done long ago as many of us advocated, there would not now be any talk of lack of preparedness. Now is the accepted time.

LUCKY AND DON'T KNOW IT

Some fellows howl about their bad luck these days. Wouldn't it be well to suggest to some of these howlers that perhaps they've had scads of good luck in not being found out?
